

# **Vision for App Inventor (PD) Workshop**

Teaching people how to learn about it, and how to be comfortable learning about it with students, i.e. being a co-learning facilitator

# Basic Structure for App Inventor (PD) Workshop

1. basic instruction on using App Inventor (only to initial level of proficiency)
2. Give intro to how to learn more about it (show them where the community is, brief on how to participate in it)
3. Give charge to learn something and bring it back to the class (and the community)

# Types of Course Delivery

1. Face-to-Face

1.5 Blended

2. Online

# Online Community

- **Build Infrastructure**
  - others contribute to design/review
  - MIT constructs
  
- **Strategies to Grow Community of**
  - instructors of MITAI
  - those leading PD
